Sir:

**INTRODUCTORY COMMENTS**

In response to the Office Action dated July 30, 2007, please amend the above-identified U.S. patent application as follows:

**Remarks/Arguments** begin on page 2 of this paper.

**REMARKS**

Applicants thank the Examiner for the thorough consideration given the present application. Claims 1-11 are pending in the present application.

**Objections due to informalities**

Claims 4 - 11 are allowable but objected to because of informalities. Applicants respectfully traverse this objection.

The Office Action states that claims 4-11 are in multiple dependent format and depend on other multiple dependent claims. Applicants respectfully point to the Preliminary Amendment filed on March 23, 2004, which eliminates multiple dependency from all the claims.

In view of the above, Applicant believes the pending application is in condition for allowance.

**Conclusion**

In view of the above remarks, it is believed that claims are allowable.

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact Michael K. Mutter, Reg. No. 29,680, at the telephone number of the undersigned below, to conduct an interview in an effort to expedite prosecution in connection with the present application.
